# Request for startups

The project aims to provide a search page for ACME to show the term 'request for startups' and filter the term according to the relevant information, such as the number of likes and retweets.

Margie Aliya @maraliya · Aug 8

Request for product: a social network specifically for travel recommendations. Would love to see what my friends recommend without blasting out that I'm heading to a certain location and need recs. #requestforstartup
